Neighbors Beautify South Park in Annual Clean-Up

On April 21, in celebration of Earth Day, South Park held the third annual “Trashenger Hunt” where neighborhood clean-up met scavenger hunt. Dozens of participants cleaned the streets, alleys and public spaces of South Park, while searching for items to mark off their lists for opportunities to win prizes donated by local businesses. Special thanks to the sponsors of the event: South Park Tavern, Carl’s Body Shop, Coco’s, Custom Frames, Downtown Dayton Optical, Full Circle Development, Ghostlight Coffee, The Home Group, Jimmie’s Ladder 11, Motivated Motions, The Next Wave, and The Pizza Factory. Thank you to the organizers of the event, especially Courtney Colborn, Jill Davis, and Amy Kennedy.

Turning the “Almost Right House” into the “Right” House

By Rachel Booth & Jeff Peterson

As we read in the last newsletter, the housing market in South Park and the Miami Valley is hot. There are few houses for sale and those that are on the market are usually moving fast. What happens if you want to stay or move into the neighborhood but can’t find the “right” house? You can buy the “almost right house” and make it right for you. The way you do that is by utilizing a 203K, HomeStyle or VA Renovation Loan.

The 203K loan is an FHA backed product that allows you to borrow up to 110% of the after improved appraised value. The opportunities for improvement are limitless providing the house meets FHA minimum property standards upon completion, most houses already do.

Purchase and renovation funds are all in the same loan, so there is only one application and one closing. No need to get a separate renovation loan later. The renovation funds are put into escrow and the work often gets done before you move in. It can be as little as changing paint colors or floor coverings to replacing roofs, (Continued on page 2)

(Turning the “Almost Right House” into the “Right” House, continued) fixing foundations, kitchen or bath remodels and everything in between.

The HomeStyle version is backed by Fannie Mae, has fewer requirements than the FHA minimum property standards, but does require a higher credit score. It covers the same types of renovations but does not offer more than 100% of the renovation appraisal.

If you're a veteran, look at the newly released VA renovation loan---it may be the right fit for you.

If you're already in the neighborhood and want to stay, but your house needs some love and attention, you can also refinance with these types of Renovation Loans. Whether it's making updates to the HVAC system, kitchen, painting or myriad of other necessities, these loans can work for you. With careful planning, the work can be done while you occupy the home.

There are several lenders in the area that offer Renovation Loans, and we would be happy to assist you in finding one.

Proposal for Sober Living Facility on Wayne Ave

At the July 24 general meeting, the executive board will be presenting the most recent developments concerning Square One Health's proposal to open a sober living non-medical treatment facility at the old Daybreak site on Wayne Ave. This will include updates on the progress toward a presentable good neighbor agreement draft; zoning; and input from the city, police, and Alcohol Drug and Health Services (ADAMHS). We will also be discussing future dates for presenting a final draft of the good neighbor agreement. (Once a good neighbor agreement is finalized, a vote will be announced with at least two weeks' notice for members of HSPI for final approval or rejection.)

What is a Porch, Patio and Deck Party?

Porch, Patio, and Deck Parties (PPDs) are neighborhood gatherings that start at one house and move to a second house later in the evening, typically 6pm to 8pm and 8pm to 10pm. Everyone is welcomed for a nominal cost which covers some drinks and supplies. The cost is reduced for HSPI members. Attendees are encouraged to bring a side dish to share. These parties are great ways to meet neighbors and enjoy South Park's unique spaces.
